

## MEMORANDUM OF UNDERSTANDING

The Department of Endocrinology, Diabetes & Metabolism has provided funding in connection with being involved in Diabetes Educator training and setting up a clinic in India to cater to those clients with diabetes mellitus.

I realize that the training imparted to me will aid in the development and infrastructure of a diabetes clinic and provide compassionate diabetes care of a high standard.

The clinic that is set up should be sustainable on a long term basis and is subject to the standards set by the Christian Medical College – Vellore.
